

---

Masks are required indoors. N-95 and KN-95 masks are strongly recommended.  
Participants who are sick, having symptoms, or within their isolation period based on a recent COVID+ test, may not attend.  
Up-to-date on COVID-19 vaccinations are strongly recommended for all participants.

Masking outdoors is recommended when in close proximity to others in

Masks may be removed intermittently by those on stage, and those eating and drinking. Sponsoring departments should provide a supply of masks for participants. The event space and flow should be arranged to maximize ventilation.

All event emails, google forms, flyers, letters, etc, should contain the phrase “Masks are required.” We encourage event organizers to send out reminders with this information at least twice before events occur.

Ticketing must be arranged through Events Management: [emo@dominican.edu](mailto:emo@dominican.edu). The ticketing system contains certification language for participants to be notified that masks are required.

There are no COVID restrictions on food service at this time.

Spectator guidelines are coordinated with Marin County Public Health and are not covered by this document.
